## PARC Founding Chairman for proactive strategy to defend national institutions

ISLAMABAD (PR): Founding Chairman, Pakistan Agriculture Research Council (PARC), Dr. Amir Muhammad Thursday urged upon the Federal Minister for National Food Security and Research and PARC management to immediately convene meeting of the Board of Govern-

nors (BoG) and devise a comprehensive proactive future strategy for defence of national institutions. Dr. Amir Muhammad who is also heading Association of Former PARC Scientists, while presiding a meeting of the association here said that the need to convene the meeting was felt after

the move by CDA to transform the land of NARC into a housing society, which has been widely opposed by all segments of society. He suggested for convening the meetings of Standing Committees of Senate and National Assembly on National Food Security and Research to

raise the concern at higher levels. Expressing grave concern over the CDA plan, Dr Amir Muhammad described the move as an attempt to ruin the agriculture sector, expressing the resolve that this important sector cannot be sacrificed for establishment of housing societies. The meeting

among others was attended by PARC Chairman, Dr. Iftikhar, PARC Members Dr. Nadeem Amjad, Dr. Shahid Masood, Zafar Hassan Raza, Dr. Umer Farooq, Dr. Munir, President PARC Scientists Association, Dr. Altaf Sher and Malik Waqar and other retired scientists of the council.
