Islamabad the 15<sup>th</sup> April, 2026

**Subject: AUCTION OF SURPLUS FRUIT**

A meeting of following committee members approved by Director General, NARC was held in the office of Director HRI, on 15-04-2026 at 10:00 am for evaluation of estimated value and auction of surplus fruits of peach.

- |                                       |          |
|---------------------------------------|----------|
| 1. Director (HRI), NARC               | Convener |
| 2. Director (FO&S), NARC              | Member   |
| 3. Program Leader (Fruits), HRI, NARC | Member   |
| 4. Dy. Director Accounts, NARC        | Member   |
| 5. Manager F&A (PATCO), NARC          | Member   |

The detail of fruits to be auctioned, base price and estimated value is as under:

| Sr. #        | Fruit Specie | Category     | *No. of Plants (Total) | **No. of Productive Plants | Marketable yield (kg/plant) | Total yield (kg) | Base Price | Amount           |
|--------------|--------------|--------------|------------------------|----------------------------|-----------------------------|------------------|------------|------------------|
| 1.           | Peach        | Florida King | 144                    | 95                         | 14                          | 1330             | 80         | 106,400/-        |
|              |              | Early Grand  | 119                    | 90                         | 14                          | 1260             | 80         | 100,800/-        |
|              |              | Spring crest | 97                     | 70                         | 9                           | 630              | 55         | 34,650/-         |
|              |              | Flame Crest  | 88                     | 65                         | 8                           | 520              | 55         | 28,600/-         |
| <b>Total</b> |              |              | <b>448</b>             | <b>320</b>                 |                             | <b>3740</b>      |            | <b>270,450/-</b> |

\* Number of total Plants, \*\*Number of productive plants = Total plants – (Non-Productive plants + Experimental Plants). The Non-productive plants are those which are on the verge of their life due to old and are not productive.

2. Committee discussed thoroughly the procedure to be adopted for auction of above said fruits and formulated following recommendations.
  - i. Auction of the above mentioned surplus fruits (Peach) may be allowed.
  - ii. The value of the fruit was estimated and the base price was fixed.
  - iii. As the Peach orchard management is under PATCO business plan, the amount obtained from the auction of the peach fruit orchard will be submitted to PATCO.
  - iv. Mode of payment by highest bidder would be as under.
    - One half (50%) on the auction day in cash.
    - The remaining half (50%) at the start of fruit harvest or no later than 2<sup>nd</sup> week of May, 2026.
  - v. Contractor would be bound to clear all payments at the start of harvest of fruit.
  - vi. In case the contractor fails to pay the second half (50%) up to the due date (start of harvest/2<sup>nd</sup> week of May, 2026), the 1<sup>st</sup> payment would be confiscated and the fruit will remain with the department.
  - vii. Contractor along with his labours will be allowed to stay in the orchards (NARC) for watch & ward and harvesting etc.
  - viii. Contractor will be responsible for the security of the fruit and there will be no liability/responsibility of protecting the fruit on the part of the department.

Submitted for approval of para-2 (i-viii) by competent authority please.
