2. Publish Where It Matters: Finding Trusted Journals in a Complex Publishing World
Date: Thursday, 19 November 2026
Time: 1:00 PM – 2:00 PM (Pakistan Standard Time)
Learn how **Journal Citation Reports (JCR)** helps researchers evaluate and compare scholarly journals, identify credible publication venues, explore open access opportunities and select journals best suited to their research. The session will help researchers make informed publishing decisions, avoid questionable or predatory journals and improve the visibility and impact of their publications.

Web of Science – Special Brochure for Pakistani Universities
We are also pleased to share a specially prepared **Web of Science brochure focusing on Pakistan's research performance during 2021–2025**, including the top 25 Pakistani universities by research output and the top 25 by citation impact, along with national research trends and international comparisons.

The brochure provides valuable insights into **Pakistan's research standing and how Web of Science can help universities benchmark their performance, improve research quality, identify credible journals and strengthen their international visibility and rankings**.

We encourage you to review the brochure before attending the webinars. It will provide useful background information, help you better understand the topics being discussed and enable you to raise relevant questions during the sessions, particularly concerning your university's research performance and objectives.

View the brochure

Certificate of Attendance: A certificate of attendance will be provided to participants who attend the entire webinar session. Certificates will be issued separately for each webinar.

We request you to kindly **circulate this invitation and brochure among faculty members, researchers, postgraduate students, ORICs, QECs and library professionals** to encourage maximum participation.
